Power All Day. Charge Over Night.

Empower Your Students & Staff

In the age of BYOD and breakaway collaborative learning, quick and convenient mobile device charging is more important than ever to the success of students and staff.

Modern classrooms need to be flexible, easily switching between traditional frontal learning layouts and active group learning environments.

Lecture podiums and presentation spaces need to mirror this philosophy of flexibility. Delivering power to multiple mobile devices free from the limitations of wall and floor outlets is key.

AC Power Output - 110V.

All-in-One Unit for Power & Charging

The MegaEdge Advantage

Kramer MegaEdge portable power stations deliver all-day power for mobile devices. Easily attach the unit to a stationary desk, rolling work surface or podium, giving your students and staff the freedom and flexibility required in today's modern BYOD classroom.

Powered by high capacity 80000mA lithium batteries and featuring AC, USB and USB-C outlets, MegaEdge expertly answers the power issue posed by the multitude of mobile devices in modern learning environments.
